December 24, 1996

I would appreciate it if you could confirm for my records receipt of your transmission signal as follows:

Call Letters: WWCO
Location: Waterbury, CT
Frequency: 1240
Date: December 11, 1996

Time:

0621 EST Dry Cleaner and Mercury Dealership ad
ID "Hometown Station" WWCO News
Ad for Rent-a-Wreck
Waether, Lottery #, 90 minute school delay. Music "Lonely Girl"

This frequency is usually dominated by local WUOK, Yarmouth, MA during the day and at night.

This signal was strong before it quickly faded out. I was surprised that it was you rather than WUOK. Weather conditions here were rainy and 35 degrees. I was using a GE Superadio with an internal antenna. Any information on your station, business card, bumper sticker, coverage map, schedule, etc. and your confirmation that I did receive your transmission would be appreciated.

The signal was received at Marshfield, Massachusetts, a coastal community 30 miles south of Boston, Massachusetts.

Enclosed is a self-addressed, stamped envelope. Please use the verification form below or your own form, letterhead, etc.

Thank you for your attention.
